

Technical Data Sheet

Recessed Range 10L Combination Recess Unit

Applicable to products:

92366SS 10L Combination Recess Unit Stainless Steel
92366BK 10L Combination Recessed Unit Black

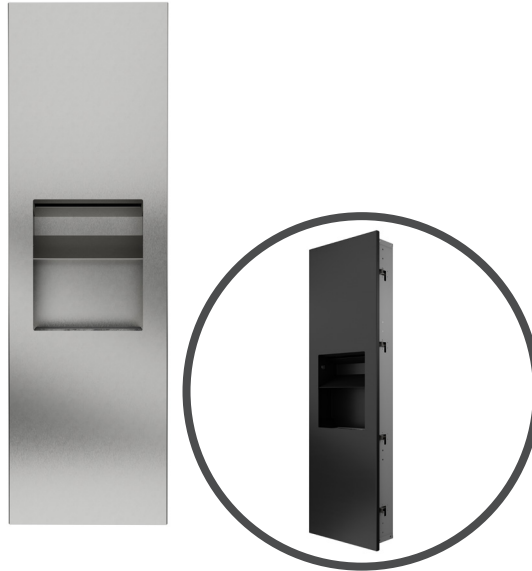

10L Combination Recessed Unit

92366SS Brushed Stainless Steel

92366BK Black Powder Coated

The 10 litre combination recessed unit is a sleek, stylish, and space-saving solution designed to enhance the modern washroom experience. By utilising the space available in wall cavities, this unit maximises the space available in the washroom, avoiding items protruding from walls to help maintain the aesthetic, whilst providing essential washroom services.

Product Image:
