Anti-Ligature Range

WASHROOM
ACCESSORIES

Ensuring the safety and well-being of vulnerable users is paramount when selecting washroom products. With the Anti-Ligature range from Dudley Industries, not only do you have a choice of style, but you also prioritise robust functionality to help protect those who need it most.

The innovative wall plate creates a recess that helps to reduce the risk of ligature attachment, enhancing safety in washroom areas. Additionally, the rounded edges and angles of the products mitigate the institutional look and work to minimise the potential for injuries.

Whether in mental health facilities, day centres, care homes, hospitals, detention centres, young offender institutions, prisons, or courts, our expertly designed dispensers prioritise the safety and well-being of all users.

To discover more about the washroom dispenser options available for your premises call our team on [+44 \(0\)1253 738311](tel:+44201253738311) or email us at sales@dudleyindustries.com

Anti-Ligature Range

Product Highlights:

Jumbo Toilet Paper Dispenser

- › Jumbo toilet roll dispenser suitable for different paper types
- › Easy for staff to refill
- › No internal mechanisms for user safety
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive brushed surface or powder coated

Multi-Flat Toilet Paper Dispenser

- › Suitable for most standard multi fold toilet tissue packs
- › Designed to ensure no sharp corners or edges
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive brushed surface or powder coated

Anti-Ligature Range

Product Highlights:

1L Soap Dispenser

- › The soap reservoir is suitable for most bulk fill soap formulations
- › Designed to ensure no sharp corners or edges
- › Recessed barrel lock to protect contents
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive brushed surface or powder coated

Paper Towel Dispenser

- › The paper towel dispenser provides an anti-ligature solution for high risk areas
- › Suitable for most standard Z fold, C fold and multi fold paper towels
- › Recessed barrel lock to protect contents
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive brushed surface or powder coated

Anti-Ligature Range

Product Highlights:

11L Waste Bin

- › Compact waste bin with open top providing easy disposal of paper towels
- › Manufactured from high grade stainless steel for robustness and durability
- › Finished with an attractive brushed steel surface or powder coated

Framed Mirror

- › Mirror is highly polished stainless steel for additional safety
- › If damaged the mirror can be easily replaced within the frame
- › Manufactured from high grade stainless steel for durability
- › Finished with an attractive brushed steel surface or powder coated

Easy to install:

WARRANTY INFORMATION

All dispensers supported by our 10 year warranty

Available for specification
through our BIM partners
at NBS Source and BIMObject.com

The environmental choice:

We believe the best way to reduce waste is to design products that last a long time, decades even. And classic, timeless designs never go out of fashion.

But there is more to our products than just their reliability. Did you know that stainless steel is made up of 60% recycled content? And that stainless steel can be re-cycled countless times without any loss of quality.

Dudley Industries, experts in hand hygiene dispensers since 1942.

We have over 80 years of experience in designing and manufacturing washroom dispensers, so you're in good hands. All our dispensers are designed by our team of engineers and made on site at our Lancashire factory. From here, we serve a global market and our products can be found in the most prestigious addresses around the world.
