## Streamlined Functionality. Elegant Design.

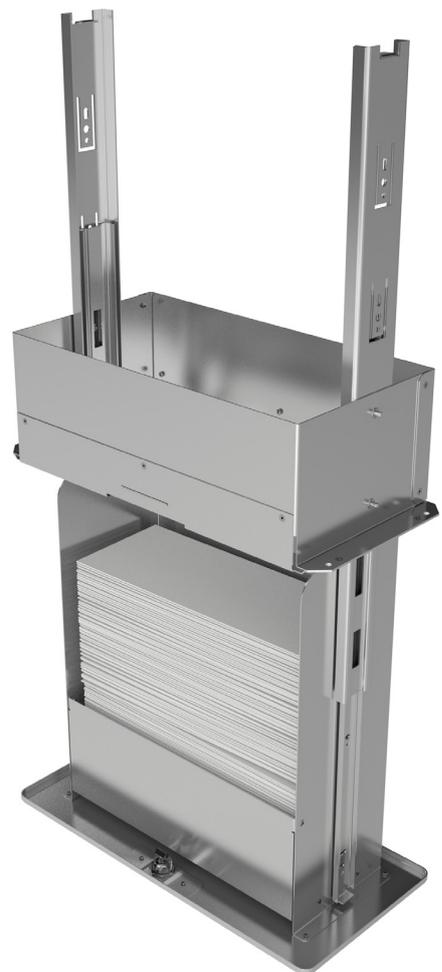

Introducing our Classic Behind-the-Mirror range: a collection of washroom dispensers engineered to balance space-saving efficiency with reliable functionality.

Created from high-grade stainless steel, these units are an ideal choice for the modern, minimalist washroom. By integrating the hardware discreetly behind the mirror, the range prioritises hygiene and ease of use without interrupting the architectural flow of the space.

### Key Features:

- Reduces visual clutter to maintain clean, sophisticated lines
- Features robust, tamper-proof housing for long-term reliability
- Optimises the vanity area by concealing essential dispensers

The Classic Behind-the-Mirror range offers a refined solution for high-traffic environments where both durability and understated design are paramount.

# Classic Behind-the-Mirror Range

## Product Highlights:

### 1L Touch-Free Soap Dispenser

- › Large capacity 1L touchless liquid soap dispenser
- › Unit slides down for easy refilling and servicing
- › Lockable for security, preventing access to mechanism and soap reservoir
- › Infra-red operation detects the movement of hands underneath the unit
- › Battery operated for ease of installation
- › Fixes in line with the base of the cabinet to maintain clean lines

---

### 2L Touch-Free Soap Dispenser

- › Large capacity 2L touchless liquid soap dispenser
- › Unit slides down for easy refilling and servicing
- › Lockable for security, preventing access to mechanism and soap reservoir
- › Infra-red operation detects the movement of hands underneath the unit
- › Battery operated for ease of installation
- › Fixes in line with the base of the cabinet to maintain clean lines

### The environmental choice:

We believe the best way to reduce waste is to design products that last a long time, decades even. And classic, timeless designs never go out of fashion.

But there is more to our products than just their reliability. Did you know that stainless steel is made up of 60% recycled content? And that stainless steel can be re-cycled countless times without any loss of quality.

### Dudley Industries, experts in hand hygiene dispensers since 1942.

We have over 80 years of experience in designing and manufacturing washroom dispensers, so you're in good hands. All our dispensers are designed by our team of engineers and made on site at our Lancashire factory. From here, we serve a global market and our products can be found in the most prestigious addresses around the world.
